

September is Women in Medicine Month.

Each year the NCMS Foundation recognizes the many ways in which women contribute to the medical profession. This is a wonderful opportunity to thank those who have served as mentors, role models, teachers and leaders to you and others in the medical profession and their communities. Please join us as we pay tribute to these special women who have made a difference in the lives of others by making a contribution in their honor.

For a tax-deductible contribution of \$35 per honoree (or \$100 for three), the Foundation will send a personalized card with the following message:

In celebration of Women in Medicine Month, September 2010

***Donor's Name** has honored*

Honoree Name

for passion and commitment to the medical profession.

*The North Carolina Medical Society and its Foundation
recognizes you for all that you do to inspire others.*

Each honoree will also be recognized on the NCMS and the Foundation websites. Not only will your gift show these special women how much you appreciate their commitment, it will also help increase access to quality health care for all North Carolinians. Our programs help women in medicine, and other health care professionals, to serve in communities that need them most, enable the practices they work in to remain in these areas, and provide leadership training to build strong medical leaders who are able to speak and act on behalf of patients and physicians.

Please take a moment now to honor someone special by returning your donation and the attached order form by mail or fax (address and number on the enclosed form) to Linda Russell no later than **September 24, 2010**. Additional information and gift forms may be found at www.ncmsfoundation.org.

Thank you for helping us to celebrate remarkable women!

Sincerely,

Abe Walston, II, MD
Chair, Gifts and Grants Committee
