Yes, I would like to become a one-year MEDPAC member for an additional cost of \$20.

MEDPAC is a voluntary, non-profit, unincorporated committee organized to direct financial support to state and federal political candidates in North Carolina. MEDPAC membership consists of individual physicians and physician spouses who are dedicated to preserving quality health care in North Carolina and throughout the United States. The committee is comprised of two branches, MEDPAC-State and MEDPAC-Federal, which together constitute the political action arm of the North Carolina Medical Society. MEDPAC activities are funded by voluntary contributions from its members.

Voluntary contributions to MEDPAC are not limited to the suggested amounts and should be written on a PERSONAL CHECK. Funds from corporations cannot be used for contributions and expenditures in either federal or state elections. If you are a Professional Association (PA) physician and send your contribution on a PA check, such funds must be from a non-refundable drawing account established to permit draws against salary or profits and represent personal funds rather than funds of your PA. Neither the AMA nor the NCMS will favor or disadvantage anyone based upon the amounts of or failure to make PAC contributions. Copies of MEDPAC reports are filed with the Federal Election Commission and are available for purchase from the Federal Election Commission in Washington, D.C. Voluntary political contributions are subject to the limitations of FEC regulations, Section 110.1, 110.2 and 110.5 (Federal regulations require this notice.) Contributions to MEDPAC are not deductible as charitable contributions for Federal Income Tax Purposes.

N C law requires political committees to report the name, mailing address, job title or profession and name of employer or employer's specific field for each individual whose contributions aggregate is in excess of \$100 in an election cycle.
