IMPORTANT NOTICE ABOUT CME CREDIT: To be compliant with the AMA's "Physician's Recognition Award and Credit System," we must require physicians to attest to the amount of time they are claiming credit – which should be commensurate with the extent of time they participate in a CME activity. To assure compliance, we now require all physicians attending an accredited CME activity, to complete the "contact information" portion of the evaluation and, specifically, sign where indicated on the evaluation. Without this information and signature, you will not receive a CME certificate, nor credit for attending the activity.
