Request for Submissions

Resident, Fellow and Student Poster Session

North Carolina Dermatology Association

2016 Annual Meeting

January 15-17, 2016 ~ The Pinehurst Resort, Village of Pinehurst, NC

New this year! The North Carolina Dermatology Association invites dermatology residents, fellows and students to submit posters detailing original resident research (clinical and/or laboratory research, delineating a new investigation into mechanisms of a disease, or a detailed review of a clinical problem), or clinical vignettes (one or more cases that illustrate a new disease entity or prominent or unusual clinical feature of an established disease). Accepted posters will be judged by a panel of dermatologists on Saturday and Sunday, January 16 and 17, at the 2016 Annual Meeting, and the winning poster will be given a cash prize. Please coordinate your participation with your Training Program Director and **submit an abstract** to Nancy Lowe at the NCDA via e-mail to nlowe@ncmedsoc.org **no later than December 30**. We will accept as many posters as space permits.

Please note the following instructions:

- 1) **Abstract Eligibility:** Original abstracts that either have or have not been presented at other meetings will be considered. They are eligible if they have been published; however, abstracts based upon full papers that have been published are not eligible.
- 2) **Abstract Format:** Title should be brief and clearly state content of paper. List name and degree for each author. Organize body of abstract as follows: (a) Purpose for study, (b) Simple statement of methods, (c) Summary of results, (d) Statement of conclusions.

Posters should be no larger than 4' x 4' in size. Those submitting posters will be advised of exact times that they should attend to their posters to respond to questions from the judges.

We hope you will attend the meeting regardless of whether you submit an abstract for the poster session. Registration brochures will be mailed shortly, or you may contact the NCDA to be put on the mailing list. As always, **meeting registration is free for residents, fellows and students.**
