The North Carolina Society of Eye Physicians and Surgeons is dedicated to representing the best interests of ophthalmologists and their patients. That platform for advocacy applies to the areas of legislative and regulatory engagement and even in our efforts to promote equitable payer relations. To help build and sustain an effective advocacy program, the NCSEPS has established an **Advocacy Fund**. This fund allows ophthalmologists and their practices to financially contribute to the Society in a manner that is not subject to public disclosure. Contributions can come from personal or corporate accounts. Thank you for your support of the NCSEPS through the Advocacy Fund.
