The Speculations started as a group of musicians from the Ob/Gyn department at East Carolina University in 2001. After playing a few local shows, the mission of the band solidified around raising money for local charities. The opportunities for shows grew steadily as word spread about the mission behind the music, with dates in North and South Carolina and Virginia. The membership has changed over the years, but their mission remains the same. The band is celebrating its 15th year of fund-raising and entertaining this year.
