TO: Doctors, Nurses & Support Staff

I would like to take this opportunity to offer my sincerest thanks to each of you for the work you are doing. Every day and every shift is stressful and tiring. To work under these conditions for months is heroic.

I am grateful for your professionalism, your caring concern for each patient and for the sacrifices you and your family are making.

This pandemic is nothing like anything we have ever experienced before. My hope is that with the coming vaccine, we will turn the corner in our fight against this virus.

Please know that you are appreciated and valued.
