

# Opioid Prescriber Education Classes

## **B** THE ASAM **BUPRENORPHINE COURSE** For Office-Based Treatment of Opioid Use Disorders

This program is a blended learning DEA waiver training course consisting of independent online study (4 hours) and live education (4 hours). It will provide the requirements needed to obtain the waiver to prescribe buprenorphine in office-based treatment of opioid use disorders.

Time: 8:00 a.m. - 12:15 p.m.

Cost: \$75

*AMA PRA Category 1 Credits™ available*

## **Collaborative for REMS Education**

This 3-hour class incorporates all six units defined by the FDA blueprint. CO\*RE/ASAM Opioid Prescribing: Safe Practice, Changing Lives was developed to provide prescriber-focused education on the safe and effective prescribing of opioids to safely manage pain.

Time: 1:15 p.m. - 4:30 p.m.

Cost: FREE!

*AMA PRA Category 1 Credits™ available*
