231 3rd Avenue, NE, Hickory, NC 28601
Presenters: Stephen Wyatt, DO, and James Finch, MD
Bring: Photo ID
Cost: No fee
DATA 2000
Organizations: American Academy of Addiction Psychiatry and
American Osteopathic Academy of Addiction Medicine

Waivers can only be obtained directly by physicians at this time. Residents may take the course and apply for their waiver when they receive their medical degree. Physician assistants (PAs) and advanced practice registered nurses (APRNs) are also encouraged to take the course, though specific components have not yet been defined for the 24-hour training requirement established by the Comprehensive Addiction and Recovery Act (CARA).

About the waiver training

Buprenorphine waiver training is available for physicians interested in seeking their waiver to prescribe buprenorphine in the treatment of opioid use disorders. To obtain the waiver to prescribe, providers are required to take eight hours of training.

Following trainings, physicians who have successfully completed the course, may apply to the Substance Abuse and Mental Health Services Administration (SAMHSA) to obtain the waiver. PCSS-MAT urges all physicians who complete the course to submit a Notice of Intent Form to SAMHSA to obtain your waiver to prescribe. The waiver must be completed online and a link to the online form will be provided to participants following the training.

PCSS-MAT has a comprehensive library of materials available at no cost created to give physicians confidence in treating these complex patients. PCSS-MAT has a no-cost clinical [coaching/mentoring program](#) to provide one-on-one expert help to primary care providers.

CME Accreditation: American Academy of Addiction Psychiatry is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: American Academy of Addiction Psychiatry designates this live activity for a maximum of 8 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Method of physician participation in the learning process: Credit will only be awarded for completing all of the training. To be awarded a maximum of 8 *AMA PRA Category 1 Credits™* and a Buprenorphine Training Completion Certificate you must complete all 8 hours of the course and receive a minimum cumulative score of 75% on the examination. Those passing the course will be able to complete the waiver application online.

AOA CME Accreditation: The American Osteopathic Academy of Addiction Medicine (AOAAM) is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians. The AOAAM anticipates this program being approved for a maximum of 8.0 AOA Category 1-A credits and will report CME credits commensurate with the extent of the physician's participation in this activity.
